

Show & Tell

HEY FAMILIES!

When was the last time you stood in front of the class for *Show & Tell*? It's probably been a while. Well rest assured this Show & Tell is not for you but the kids! But you are an integral part of this experience.

In the months of November, December, and January, kids will have the opportunity to exhibit how God has uniquely created them by sharing their gifts and talents with their class at church. We want to encourage kids to see their talents as a way to love God and others because, ultimately, that's why we have them. Instead of having kids focus on what they are good at, let's empower them to consider how they can love others with what they love to do!

Families, you have the opportunity to influence and support your kids as they search for their gifts along with how they want to share them with everyone.

Kids will need your help...

PREPARE.

- If possible, set aside some special time together to discover your kid's gifts and talents. If you need assistance, we've provided a Family Worksheet to help.
- Once you have made a list of all your kid's gifts and talents. Have your kid pick one to share with their class at church.
- Once they have made their selection help your kid find something around the house that represents their gift.

PRACTICE.

- The next step is to practice, practice, practice! Have your kid practice sharing their talent with your family so that they feel confident and ready to share at church.

PRESENT.

- Pick a Sunday for your kid to come prepared to share their talent.
- We will take a little bit of time each Sunday for the kids to share. If we run out of time, kids will be given the opportunity to share the next Sunday they are at church.
